WELCOME TO THE FUTURE OF LEARNING: AI & ROBOTIC EDUCATION!

Dear Parents and Students,

We are thrilled to announce the inauguration of our state-of-the-art **AI & Robotic Lab** at our school. This new facility is designed to inspire creativity, enhance problem-solving skills, and prepare students for the future. Our lab covers a range of cutting-edge topics including Robotics, Artificial Intelligence, IoT, and 3D Printing, specifically curated for students from **Grade 1 to Grade 12**.

Class Highlights

- **Start Date:** Classes will commence from the **3rd week of June (18/6/2024)**.
- This course is available exclusively to those who enroll with an **additional payment of Rs 2000 annually**. Classes will be held once a week. *Please make the payment before 15th June 2024 to the Class Teacher.*
- Students of **Classes 1-6** will have their classes during the normal school hours. **Classes 7-12** will have their classes on **1st or 4th Saturdays** in the morning hours.
- **Comprehensive Curriculum:** Tailored for each grade from 1 to 12, students will undertake 30+ projects that deepen their understanding of AI & Robotics and their real-world applications.
- **Hands-on Learning:** Students will participate in immersive experiments with IoT technology and machine learning, enhancing their critical thinking and problem-solving abilities.
- **Competitions:** Students will have the opportunity to compete in various National and International level competitions, showcasing their skills and innovations.

Join Us on This Exciting Journey!

Our AI & Robotic classes represent the convergence of STEM concepts, Robotics, Python programming, and the transformative world of Artificial Intelligence of Things (AIoT).
